If you want to understand something, write about it.
If you want to master something, teach it."*
Yogi Bhajan

The modules

Level 2 is composed of five modules, each of which consists of six days of residential training (60 hours) at Guru Ram Das Aquarian Academy plus regional study group meetings in between the modules.

Study Groups

After each module small regional groups will meet either in person or via video conference in order to stay connected and consolidate the experience. In these meetings you will

- share a "Practicum Day" (or two smaller "Practicum Sessions") that you will prepare like a workshop for each other. It will serve you to re-engage in the topics of the modules, check-in about post-module experiences and homework meditation practice and keep the group spirit going.
- discuss your Open Book exams that you will complete at home after each module.
- build a consolidated group that will continue to collaborate after the training.

Training Materials

For each module you will receive a manual and a study guide (together about 400 pages) as well as 6 -8 lectures of Yogi Bhajan on DVD that will also be used during the module.
